XXXVI° MOV - Meeting Orienteering Venice

The Meeting returns to what it was but with some small addition. The request for the meeting during the day had become a very strong expectation and we wanted to please everyone orienteers.

The new formula will give all our guests a Venice at night and a day in Venice with all the emotions that these two events can give.

The closed number will remain an obligation for the respect that we all have to the territory that hosts us.

It is always a great emotion to prepare the Meeting and the wait becomes more and more important.

We look forward certain to continue to offer you great sensations.

Gian Pietro Mazzeni
Chairman MOV
